

-This is the graphical interface of the code after running.

Here we calculate the student's average score.

The image shows a graphical user interface for a 'Student Average Calculator'. It features a dark gray background with a title bar at the top containing a small icon and the text 'Student Average Calculator'. Below the title bar, there are ten input fields arranged vertically. The first field is labeled 'Enter Student Name' and is wider than the others. The following nine fields are labeled 'Enter Mark 1' through 'Enter Mark 10'. At the bottom of the form is a blue button with the text 'Calculate Average'.

Student Average Calculator

Enter Student Name

Enter Mark 1

Enter Mark 2

Enter Mark 3

Enter Mark 4

Enter Mark 5

Enter Mark 6

Enter Mark 7

Enter Mark 8

Enter Mark 9

Enter Mark 10

Calculate Average

This, along with calculating the average student grades, appears naturally before us.

I will leave the exe file with the complete code for your use.
